

Monday 16th November 2020

Dear Parents and carers,

With Oasis Horizons being rolled out in the coming year, as a school it is our responsibility to make sure that our children are safeguarded against online threats. You play a large role in that to help educate them at home about how to stay safe while online. In the event of a bubble closure due to COVID-19 or another national lockdown, we must ensure that our children are safeguarded against potential online harm.

The following information has been collated to make Online Safety easy and accessible to both you as parents and the children when they have their devices to use. There are two tables, one for children with appropriate websites to report issues and one for parents/carers to help upskill and inform about the ever changing world of the internet.

Please use a smart device to scan the QR code using a camera or QR reading app (i.e. red laser) to explore the websites.

The most important message is to help educate our school children so that they know how to use the internet responsibly and to back up our E-safety learning in school while children access learning from home.

Thank you for your support in this,

Mr Woods.
(Esafety Lead)
