

YEAR 6 NEWSLETTER Summer

Maths and English

English

Throughout the Summer Term Year 6 will be working on a variety of different genres using our writing scheme 'The Write Stuff', which includes narratives, suspense stories and persuasive writing.

Reading Challenge We expect that children read every day. It can be a book from school, library or even a comic book or football magazine. Please ensure that you have signed up to the 'GoRead' app in which children can update and comment on what they have read each evening. Children were given letters about log in's on the first week of term.

Maths

This term, children will be working on a variety of different areas within maths to prepare for high school and become more rounded mathematicians. Please help your child practice any areas, which they feel they need to improve. Using the **Times Table Rockstars** app daily at home will also consolidate and embed times table knowledge, which will help them enormously over the coming year.

Summer Term!

We hope you have all had a lovely Easter break and are ready to carry on learning. This is a very exciting term as it is the last term at Oasis Academy Warndon. We are looking forward to celebrating the end of year and are in discussion about celebration activities.

Key Reminders

- **PE days for Y6 are on Wednesday and Thursday:** Please make sure all children have a full kit ready for these days, especially trainers for outdoor sports.
- **Homework** We would like you to continue using your i-pads at home and complete TTRS sessions and Edshed for the weekly spelling rule.
- **Uniform** Children should be in full uniform, with correct footwear each day.
- **Attendance** is incredibly important throughout the school year. Children need to be attending regularly as they are learning important skills and curriculum content in preparation for their futures.

During this Summer term, children will be learning about SELF and Community in Curriculum. They will learn a range of topics to help them with their independence and personal growth, such as: healthy eating; futures and careers and British Values. The children will explore this theme creatively using art, ICT and a variety of other mediums to make their learning exciting and engaging.

Thank you for your continuous support, if you have any questions, please don't hesitate to ask!
