Nut Free School- Year 1

Dear Parents/ carers,

At Oasis Academy Warndon we strive to provide a safe learning environment for all students. Due to some of our pupils suffering with severe nut allergies, we have been advised by the School Nurse to become a 'nut free school.' An allergic reaction (anaphylactic shock) can occur through ingestion of nut products, cross contamination and breathing nut dust in the air. **In Year 1, we have a child who is also severely allergic to kiwi.**

An Allergies policy has been written, which can be read on the school website in the policies section.

<https://www.oasisacademywarndon.org/about-us/policies>

Since this condition can be life threatening, we are asking all members of the school community for their help in minimising the risk to these children by:

- a) Avoiding giving children nuts or nut products in their packed lunches
- b) Avoiding giving nuts or nut products or snacks/bars containing nuts for break time snacks
- c) Avoiding supplying the school with cakes or food items containing nuts for birthday celebrations, sales or events
- d) Avoiding sending containers such as cereal boxes for DT / Art lessons into school which may have contained produce made with nuts.
- e) Avoiding sending your child in with Kiwi fruit or anything that may contain kiwi (e.g. smoothies)

We do acknowledge in our Allergies policy that many foods are labelled as 'may have been produced in a factory handling nuts and cannot be guaranteed to be nut free'. Such items will be allowed in school as it would be unreasonable to expect these to be kept out of school.

Please note where a member of staff notices a pupil eating a nut or kiwi product, the product will be removed politely and the member of staff will explain why this has to be done. A message will then be sent to the parent to explain what has happened so they are fully informed and to remind them of the Allergies policy.

Due to the severity of the problem, it is important that all parents carry out the suggested measures and reduce the risk of allergic reaction for other children.

We thank you in advance for your co-operation and support regarding this matter. If you have any questions or concerns, please feel free to contact the school office and a senior leader will get in contact with you.

Yours sincerely,

Suzanne Owen (Principal)
