

Welcome Back!

Thank you for your hard work and engagement over this lockdown period. We are so pleased to see everyone back at school and ready to continue our Spring term. We are ensuring that health and safety measures are taking place within school regularly so that everyone feels safe and the risks are reduced.

English:

We will be focusing on writing non-chronological reports, all about birds, using the facts and knowledge that we have learnt in our curriculum lessons!

Maths:

The focus for the first part of this half term is addition and subtraction. We will then be moving on to learn about fractions and measure.

Character Curriculum:

Our theme this half term is STEM, which stands for Science, Technology, Engineering and Mathematics. We will be learning all about different types of birds and their habitats. We will also be making our own bird feeders!

The Year 1 Team

Thank you for your continuous support, if you have any questions, please don't hesitate to ask!

Left to right: Miss Rice, Miss Perry, Mr Wood, Ms Anthony, Miss Davies, Miss Perks

Key Reminders:

Attendance is incredibly important throughout the school year. Children need to be attending regularly as they are learning important skills and curriculum content.

iPads Please make sure that iPads are brought into school everyday, fully charged. This will mean that the children can get the most out of their learning by using technology in fun and creative ways.

PE days for Y1 are Tuesdays and Thursdays. Please make sure that children have a full PE kit in school to make sure that they can take part in their PE lessons.

Uniform Children should be in full uniform, with correct footwear each day.

Homework

Maths With Parents: You can see what we will be learning about in class by watching the Maths With Parents video and completing the activities. Children can update their 'Mathscot' with new items and you can also leave a comment to tell us what you thought about the activity.

Reading 5 times a week is really important so children are building on their phonics knowledge (make sure an adult signs the reading record). Please encourage children to answer the questions at the end of the book to build on their comprehension skills. Readers have the chance to win prizes at the end of the year.
