New Home Reading Books

Dear Parent(s)/Carer(s),

We are really excited to share that we have invested in a new reading scheme which allows children to take home physical reading books. This will replace the books online using the twinkl codes. Each Monday, we will update your child's reading book and it will be tailored to your child's reading ability.

We ask that children read at home at least four times a week. Once you have finished reading, please head over to Boom Reader and log each time you read. **Please ensure that reading books are then put back into children's bags as they will need them in school daily.** If the reading books are not brought back into school, your child will revert back to using the twinkl codes on the ipads so that we are not losing multiple copies of our new and much-loved books.

We hope you enjoy reading them as much as we do!

Yours sincerely
The Reception Team.
