

Dear Parents/carers

On 23rd October 2025, we are hosting our annual Halloween workshop.

Together with your child, you can look forward to a range of spooky activities including potion making, spider web threading and Halloween art activities

In addition, your children can dress up in their Halloween costumes and we will have a small Halloween party with them before the workshop.

The sessions will be held in the EE classroom.

The morning session will start at 10.45 am, and the afternoon one at 2.15pm.

The parents of children who attend for the full day may choose which workshop they wish to attend. If your child does not attend on a Thursday and they want to come, they are more than welcome to come at the workshop times with an adult.
