

Y5 Walk for Water

Dear Parents/ Carers,

As part of our Global Goals topic this half term, year 5 are focussing on Global Goal 6 – Clean Water and Sanitation.

We will be Active Changemakers in the **week beginning 23rd March** and will be taking part in a 4 mile Walk for Water around our school field.

Unfortunately, there are still children across the globe who must walk long distances to get clean drinking water. This is something that Y5 feel strongly about, and so our Walk for Water is an opportunity for us to receive sponsorship money to **Twin Toilets** and donate to **Water Aid**.

The children will be coming home with sponsorship forms this week. At this time, we are only asking for sponsorship, and the children will be told when it is time to bring their money into school.

Please support the children in this fund-raising opportunity and help to spread the word of their campaign. Last year, we managed to raise over £300 to twin the year 5 toilets with other toilets across the world – so we'd love to beat that amount this year!
